SKILLS

- **Languages:** C++, Python, C, Java, SQL
- **Frameworks:** HTML5, CSS3, Matplotlib, Pandas, NumPy, Scikit-learn, React.js
- **Tools/Platforms:** Git, GitHub, VS Code, MS Excel, Power BI, Tableau, MongoDB
- **Soft Skills:** Problem-Solving, Leadership, Time Management, Creativity, Adaptability

TRAINING

- **Splen Technologies & Education Pvt. Ltd. | [Certificate](#)** Jun' 25 – Jul' 25
 - Gained strong fundamentals in Data Structures & Algorithms using C++, including arrays, linked lists, stacks, queues, trees, graphs, and hashing with complexity analysis.
 - Improved problem-solving and algorithmic thinking by applying DSA concepts to practical programming and real-world system behavior.
 - Built a Git Version Control System Simulator to visualize Git internals, using a DAG for commit history, trees for file structure, and hash maps for fast commit/branch lookup, with support for commits, branching and merging.**Tech:** C++, Python

PROJECTS

- **SBA Loan Default Risk Analytics Dashboard | [Link](#)** Oct' 25 – Nov' 25
 - Designed a scalable Power BI dashboard analyzing 900K+ SBA loan records (\$28B+ portfolio) to uncover default risk patterns across industries and regions.
 - Created 25+ optimized DAX measures for default probability, approval rates, and YoY risk trends, supporting data-driven lending decisions.
 - Created drill-through reports enabling stakeholders to analyze loan performance by NAICS codes, bank types, and economic cycles with 98% data accuracy.**Tech:** Power BI, DAX, Power Query, SQL
- **Real Estate Analytics & Forecasting Engine | [GitHub](#)** Apr' 25 – May' 25
 - Built an end-to-end machine learning pipeline for property price prediction using XGBoost and Random Forest, achieving 92% R² on 20+ years of historical data.
 - Applied advanced feature engineering techniques including target encoding and outlier capping, improving model generalization and reducing preprocessing time by 45%.
 - Developed interactive ROI and price trend dashboards using Plotly and Dash to enable real-time neighborhood comparison and investment insights.**Tech:** Python, XGBoost, Scikit-learn, Pandas, NumPy, Plotly, Dash

CERTIFICATES

Cloud Infrastructure Certified Data Science Professional Oracle	Oct' 25
Cloud Infrastructure Certified Developer Professional Oracle	Oct' 25
Python for Data Science, AI & Development Certification IBM	Oct' 25
Social Networks IIT Madras	May' 25

ACHIEVEMENTS

- **GATE 2026 (Qualified in CS) – AIR 1735** Nov' 25
Secured an All India Rank of 1735 with a score of 56.74/100, demonstrating advanced proficiency in core Computer Science subjects including Algorithms, OS and DBMS.
- **LeetCode Algorithmic Excellence** Oct' 25
Ranked in the Top 8.52% globally with 900+ problems solved across C++, Java, and MySQL. Earned 15 achievement badges and sustained a 365-day problem-solving streak.
- **University's Academic Excellence Award** May' 24
Honored for outstanding academic performance (TGPA: 9.50) and top tier standing in core computer science coursework.

EDUCATION

Lovely Professional University Bachelor of Technology - Computer Science and Engineering; CGPA: 9.3	Phagwara, Punjab Aug' 23 – Present
Jain Academy Intermediate; Percentage: 93.6%	Baghpat, Uttar Pradesh Apr' 21 – May' 22
Jain Academy Matriculation; Percentage: 95.6%	Baghpat, Uttar Pradesh Apr' 19 – May' 20
