EDUCATION

Lovely Professional University

B.Tech in Computer Science & Engineering (CGPA: **9.3** / 10.0)

Phagwara, India

Expected Jun' 27

Jain Academy

Class XII (Senior Secondary)

Khekra, UP

Mar' 22

TECHNICAL SKILLS

Languages: Python, Java, C++, C, SQL, HTML5, CSS3, JavaScript

Frameworks/Libraries: Scikit-learn, XGBoost, Pandas, NumPy, Matplotlib, Plotly, React.js

Tools & Platforms: Git, GitHub, Power BI, Tableau, Excel, VS Code, REST APIs, Oracle Cloud (OCI)

Core Concepts: Data Structures & Algorithms (DSA), Machine Learning, Statistical Modeling, OOP, DBMS

PROJECTS

Real Estate Analytics & Forecasting Engine | Python, XGBoost, Scikit-learn, Dash

Feb' 25 - Apr' 25

- Engineered an end-to-end ML pipeline using **XGBoost** and **Random Forest**, achieving a **92% R-squared score** on property price predictions across 20+ years of historical data.
- Implemented **target encoding** and **outlier capping** techniques, reducing data preprocessing time by 45% while improving model generalization.
- Built interactive ROI heatmap visualizations using **Plotly/Dash** for real-time neighborhood comparison and investment analysis.

SBA Loan Default Risk Analytics Dashboard | Power BI, DAX, Power Query, SQL

Mar' 25 - Apr' 25

- Developed a comprehensive **Power BI dashboard** analyzing **900,000+ SBA loan records** (\$28B+ portfolio) to identify default risk patterns across industries and regions.
- Engineered **25+ DAX measures** including loan approval rates, default probability scores, and sector-wise risk metrics with YoY trend analysis.
- Created drill-through reports enabling stakeholders to analyze loan performance by NAICS codes, bank types, and economic cycles with **98% data accuracy**.

Space News Aggregator with AI Summarization | React, Python, NLP, REST APIs

Mar' 25 - Apr' 25

- Developed a full-stack React application aggregating **50+ daily articles** from credible space news sources via REST API integration.
- Implemented **NLP-based AI summarization** engine, reducing average user reading time by 30% while maintaining 95% content accuracy.
- Designed responsive UI components with dynamic content filtering and category-based article organization for enhanced UX.

HONORS & ACHIEVEMENTS

LeetCode 800+ Problems Solved | Advanced DSA Proficiency

2023 - Present

- Demonstrated expertise in Dynamic Programming, Graphs, Trees, and advanced algorithmic problem-solving.

University Academic Excellence Award | Lovely Professional University

2024

- Recognized for outstanding academic performance, maintaining **9.50 TGPA** with top-tier standing in CS coursework.

Oracle Dual Professional Certification | Data Science & Developer

Oct' 25

- Achieved both **OCI Data Science Professional** and **OCI Developer Professional** certifications from Oracle.

CERTIFICATIONS

Oracle Cloud Infrastructure (OCI) Data Science Professional – Oracle

Oct' 25

Oracle Cloud Infrastructure (OCI) Developer Professional – Oracle

Oct' 25

Social Networks – Indian Institute of Technology (IIT) Madras

Aug' 24

The Bits and Bytes of Computer Networking – Google

Aug' 24

Responsive Web Design – freeCodeCamp

Nov' 23
